

ALUMNI FEEDBACK.

Alumini feedback analysis shows that students feel proud to be associated with the college. They like to continue their association with the college through

- Alumini Association.
- They have an awareness that institute organizes various kinds of activities which help in holistic development of students and they are willing to contribute in the development.
- The institute handles all students grievance property.
- Most students feel that institute has labs and equipments for practicals but the labs do need more equipment. So that students may benefit more.
- The education imparted at the institution is definitely relevant to their present job.
- Students express that they have a certain degree of Technical Knowledge but do feel the need for more resources in this area.
- Students feel proud to be a part of the institute Alumini Association.
- Students feel that they are still welcome members of the college family but want more interaction.
- Students appreciate that they receive updates through the institute through mails / calls / SMS etc.
