

ATTAINMENT OF PROGRAMME OUTCOME AND COURSE OUTCOMES

Department of Industrial Microbiology

To find out attainment of programme outcomes (POs), Programme specific outcomes (PSOs), and course outcomes (COs), following measurable factors have been taken into consideration during the sessions.

S.no	measurable factors	2020-21	2019-20	2018-19	2017-18	2016-17
1	UG final University Merit Achiever	Nil	Nil	Nil	Nil	Nil
2	UG final Year Pass Percentage	100%	100%	100%	NO student appeared	100%
3	Project by students	Yes	Yes	Yes	—	—
4	Quiz	Yes	Nil	Nil	—	—
5	Models Constructions	Yes	Nil	Nil	—	—
6	Entrepreneurial / Skill Trainings	Yes	Nil	Nil	—	—
7	Students Presentation / Seminar	Yes	Yes	Yes	—	—
8	Experimental Learning in UG Programme	Yes	Yes	Yes	—	—
9	Value Aided Course	Nil	Nil	Nil	—	—
10	Webinar	Yes	Nil	Nil	—	—
11	Certificate Course	Yes	Nil	Nil	—	—
12	Guest Lectures / Expert Lectures	Yes	Nil	Yes	—	—

Experimental Learning

Experimental learning- Industrial Microbiology

- The students learnt the experimental thinking and design of the experiment through practical syllabus of Industrial Microbiology which is provided by the University. The practical knowledge of Industrial Microbiology acquaints students with identification of a research topic and analyze complex problems in the production of industrially important products.
- Student equipped with the knowledge of basic instrumentation used in microbiological laboratory and to handle microbes.
- Students also learnt various techniques with respect to isolation, characterization and identification of microbes using microbiological and molecular approach.
- Every year B.Sc-III students of Industrial Microbiology undergone project work.

Activity: Industrial Visit to BEC Foods

No. of Students: 23

Place: BEC Foods, Kuthrel (Durg)

Date: 29th Dec 2018

Being students of Industrial Microbiology, this visit to BEC Foods, Kuthrel (Durg) on 29th Dec 2018 was helpful in better understanding of various concepts of food processing and packaging.

Industrial Visit at BEC Foods on 29th Dec 2018

There were 23 students from B.Sc-I, B.Sc-II & B.Sc-III year Industrial Microbiology

Department and two faculty members. The officer's in charge Mr. Amitesh Mishra at BEC Foods introduced us to their technical staff and senior Production Manager Mr. D.D. Ghosh Sir explained all the technical information related to pasteurization, milk processing and packaging, starter culture preparation for curd, fermentation, chilli paste, and juice concentrate. The purpose of this visit was to provide an exposure to students about practical working environment and enhance their knowledge. It was also helpful in encouraging our students to pursue entrepreneurial journey

for the creation of affordable food products addressing the needs of society.

2019-20

Activity: Training program on Mushroom Production at Krishi Vigyan Kendra, Rajnandgaon (C.G)

No. of Students: 28

Date : 31st January, 2020

Place: KVK, Rajnandgaon

The training programme on mushroom production was organized by Department of Industrial Microbiology in association with Home Science Department, Indira Gandhi Govt. Arts and Commerce PG College Vaishali Nagar, Bhilai and conducted at KVK, Rajnandgaon on 31st January, 2020. There were 28 students participated in the training program on mushroom production. The Scientific officer, Mr. Jitendra Meshram Sir introduced us to various department including poultry farm, botanical garden, pulses agriculture field and fisheries. The training program was also helpful in encouraging our students to pursue entrepreneurial journey for the creation of affordable and nutritious food products for the human diet.

The training program included theory and practical classes

1. Introduction to mushroom and its beneficial role in human diet

Presents

**National Webinar On
'Quality Education, Accreditation & Teacher Development'**

Title: Celebration of One Year of National Education policy (NEP) 2020

Date: 10th Aug 2021

No. of Participants: 22

Venue: Indira Gandhi Govt. P.G College Vaishali Nagar, Bhilai (C.G)

The webinar on Quality Education, Accreditation & Teacher Development was organized jointly by the Department of Home Science and Industrial Microbiology to celebrate one year of National Education Policy (NEP 2020). The program started with introduction to NEP by Dr. Arti Diwan, Head of the Department, Home Science followed by the welcome speech of Principal Ma'am, Dr. (Smt.) Alka Meshram. The principal ma'am spoke about the vision and necessary information included in the NEP 2020. The speakers, Dr. Merily Roy, Head of Department of English focused on Quality Education and Accreditation process at various levels

followed by Dr. Shikha Shrivastava speech on classroom management and teacher development. Dr. Kailash Sharma, Head of Department of Hindi gave opinion on necessary steps needed to implement the vision of NEP. Finally, Dr. Ajay Kumar Manhar, Head Department of Industrial Microbiology presented the slides of Teacher and Teaching Methods, Content and Curriculum; Learning Environment; Leadership management; Inclusion and Provision of equal opportunities; Developing a culture of innovation and Standards for teachers. Dr. Ajay Kumar Manhar also informed about skills such as Collaboration and team work; problem solving and logical reasoning; vocational exposure; digital literacy, coding and computational thinking; scientific and evidence based thinking; creative and innovativeness; ethical and moral reasoning, including knowledge and practice of human and constitutional values etc. The program ended with a question and answer session followed by vote of thanks proposed by Dr. Ajay Kumar Manhar. The session was extremely useful for all the participants.

A National Webinar on **Green Energy and Sustainable Development**

May 10th to 15th 2021

Organized by

Internal Quality Assurance Cell of the College & Faculty of Science

Energy demands are increasing enormously. Our dependence on fossil fuels has not only depleted their reserves but also has caused negative environmental impacts. To keep pace with the development, it is necessary to restructure the energy sectors. Green energy appears to be the most efficient and effective solution for the sustainable development, so that along with socio economic development we can bring a curb to the catastrophes caused to climate. This lecture series has been planned to provide a multifaceted perception on renewable energy resources and their role in climate mitigation.

Report

Title of the programme: Add-on course in Life Science

Duration: 30 hours

Number of students participated: 40

No. of students passed in exam: 13

An add-on course in Life Science was organized by the Life Science Club of the College comprising of Department of Botany, Zoology and Industrial Microbiology. The course was organized for the students aspiring for competitive exams specially Public Service Commission Exams, to teach the fundamental topics in Biology which are included in the General studies syllabus of such exams. Students were asked to register for the course through google form. 30 hours of teaching was distributed according to the time table. Topics were taught by Faculty of Botany, Zoology and Industrial Microbiology of the college. At the end of the course an online test was conducted in google form. The students who passed with a minimum marks were given certificates.
